

## **Curriculum Vitae David Hertig, Head of Investments and Founding Partner Globalance Bank**

As a founding partner, David Hertig (46) has been with Globalance Bank since day one. As Head of Investments, he is in charge of portfolio management, investment selection and product development.

For years, David Hertig has devoted his efforts to impact-oriented investments. Already at [SAM Group](#), he headed the Business and Product Development unit, bore responsibility for strategy development at the Group level, and conceived investment approaches with a focus on alternative investments and theme-based funds. In addition, he structured and established financial vehicles in various fund jurisdictions (Luxembourg, USA, Australia).

David Hertig started at SAM Group as Business Development Manager, a position in which he designed the structures for corporate development, established and negotiated cooperative third party ventures and managed multiple strategic projects.

David Hertig holds a degree in economics from the University of St. Gallen (lic. oec. HSG) and is a chartered financial analyst (CFA®).
